SURAJ VAGHELA

+91 9098 111 143 | vaghelasuraj@ymail.com

PROFESSIONAL SUMMARY

Experienced Full-Stack Software Engineer with 8+ years in modern web development and team leadership. Proven expertise in Node.js(Express.js, NestJS), PHP (Laravel,codeigniter, YII2), JavaScript(jquery). Strong background in serverless architecture with AWS Lambda, cloud services (AWS S3, EC2), Firebase and real-time applications using Socket.io. Currently leading development teams and mentoring junior developers while delivering scalable web applications, APIs, and cloud-based solutions.

TECHNICAL SKILLS

Programming Languages: Node.js, PHP, JavaScript, **SQL**
Backend Frameworks: Express.js, NestJS, Laravel, Yii, Yii2, CodeIgniter
Frontend Technologies: JavaScript, jQuery, HTML5, CSS3
Databases: PostgreSQL, MySQL, MS SQL, Firestore, Elasticsearch
Cloud Platforms: AWS **Lambda**, AWS **S3**, AWS **EC2**, AWS **RDS**, Google Cloud Functions, **Firebase**
Development Tools: Socket.io, RESTful APIs, Web Services, Git, GraphQL
Specializations: SQL Optimization, Project Estimation, Requirements Analysis, Team Leadership
AI Tools : ChatGpt, Github Copilot, CursorAI, ClaudeAI, GanAI.

PROFESSIONAL EXPERIENCE

Module Lead | BitCot Technologies Pvt Ltd | Indore, Madhya Pradesh | August 2022 – Present

- Lead development team in creating scalable web applications and web services using PHP, Laravel, and Node.js
- Establish project architecture and operational workflows, improving development efficiency by 30% through structured processes
- Conduct comprehensive project estimation and requirements analysis for 15+ client projects
- Optimize SQL queries and database performance, achieving 40% improvement in application response times

- Mentor and train 8+ junior developers and freshers, contributing to team skill development
- Coordinate cross-functional software development teams ensuring 100% on-time project delivery
- Drive continuous learning initiatives and stay current with emerging technologies

Senior Software Engineer | Space-O Technologies | Ahmedabad, Gujarat | August 2018 – July 2022

- Developed complex web applications and RESTful web services using PHP frameworks including Laravel, Yii, and Yii2
- Designed and implemented system architecture and operational workflows for 20+ client projects
- Performed detailed project estimation and technical requirements analysis
- Collaborated with cross-functional teams to deliver high-quality software solutions
- Implemented best practices in code development and maintained clean, efficient codebases
- Achieved 95% client satisfaction rate through quality deliverables

Web Developer | Random Soft Solution | Indore, Madhya Pradesh | February 2017 – July 2018

- Built responsive web applications using PHP, MySQL, JavaScript, and jQuery
- Developed 10+ dynamic websites with focus on user experience and performance optimization
- Worked with various PHP frameworks to create robust backend systems
- Gained foundational experience in full-stack web development
- Contributed to 25% reduction in page load times through optimization techniques

EDUCATION

Bachelor of Engineering in Computer Science Engineering
Rajiv Gandhi Proudyogiki Vishwavidyalaya (RGPV) | Bhopal, Madhya Pradesh | September 2011 – May 2016

KEY ACHIEVEMENTS

- Successfully led 35+ development projects from conception to deployment
- Implemented efficient database optimization strategies improving query performance by 40%

- Established training programs for junior developers, enhancing team productivity by 30%
- Maintained 100% on-time project delivery record as Module Lead
- Developed scalable web applications serving 10,000+ users
- Improved development efficiency by 30% through structured processes and workflows
